

NEWCASTLE EMLYN U3A

Newcastle Emlyn U3A organised a Philosophy Workshop at the University which prompted the University of Lampeter to organise their own workshops for this coming year, The workshops are open to everyone, but all U3A members are invited. Lampeter University is doing all the organisation and responsibility. So we can get the benefits without the work. This will be a new venture for our local university and we hope it will encourage many more Universities and Colleges to have public workshops. Although not specific for the U3A we do hope many members will apply. I have listed below the workshops and brief details. Full details, costs and how to book can be found at <http://www.uwtsd.ac.uk/humanities-workshops/>

Thank you Jim Sibley Group

Coordinator Newcastle Emlyn U3A
